DETAILED ACTION

Allowable Subject Matter

1. Claims 2-4 and 6-21 are allowed.
2. The following is an examiner's statement of reasons for allowance: The present invention is directed to a method and circuit for determining disconnection time information for a disconnection period in which disconnection period an integrated circuit of a data carrier designed for contactless communication with a communication partner device has not been adequately supplied with power. Each independent claim identifies the uniquely distinct features: at least one first storage capacitor arranged in the integrated circuit for discharging from a first starting time when the integrated circuit is subsequently no longer adequately supplied with power, a second storage capacitor arranged in the integrated circuit for discharging from a second starting time that is after the first starting time; and determining the disconnection time information on the basis of the discharge behavior of the second storage capacitor. The closest two prior arts, Paratore (U.S. PATENT NO. 6,294,997) discloses an RFID tag is provided with a timing module to measure elapsed time and an environment module to detect certain environmental conditions; and the environment module enables the user to determine how long the RFID tag has been exposed to certain environmental conditions that have been pre-defined by the user; and Heinrich (U.S. PATENT NO. 6,812,841) discloses an RFID transponder that includes a state holding cell that maintains the present state of the RFID transponder during temporary losses of power, either Singularly or in

combination, fails to anticipate or render the above features obvious. However, new drawings with descriptive text labels for the unlabeled rectangular box(es) are required.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
